THICK FILM CHIP RESISTORS

Global Market Outlook: 2007-2014

102 Pages

Paumanok Publications, Inc. USA

September 2007

Table of Contents

1.1 Thick Film Chip Resistors: Global Market Outlook: 2007-2014 7

1.2 Introduction To Chip Resistors: 7

1.2 The Global Supply Chain For Thick Film Chip Resistors: 8

1.3 Industry Trends and Directions: 9

Growth in The Multichip Array Market: 9

Resistance in Electronic Circuits (Ubiquitous Nature Of The Product Line): 10

Physical Size Equivalent to Resistance (Raw Materials Are Key Cost Factors In Production): 11

Miniaturization Trends: 11

Integration and Modularization Trends: 12

Thin Film Technology (NiCr, TaN): 15

Chip Resistor Production Process: 15

Introduction To Global Resistor Markets: 16

Linear Versus Non-Linear Resistor Markets: 17

Key Technical Economic Criteria: 17

Resistance Capabilities Comparison By Linear Resistor Type: 2007 17

Power Capabilities Comparison By Linear Resistor Type: 2007 18

Configuration Comparison By Linear Resistor Type: 2007 18

1.5 Global Volume Of Shipments By Resistor Type: 2003-2006; 2007-2011F 19

1.6 Global Value Of Shipments By Resistor Type: 2003-2006; 2007-2011F 20

1.7 Introduction To The Five Year Cycle: 21

1.8 Global Unit Shipments For Thick Film Chip Resistors: 1991-2006: 2007-2011 22

1.9 Global Value Shipments For Thick Film Chip Resistors: 1991-2006: 2007-2011 23

1.10 Price Trend For Thick Film Chip Resistors: 1991-2006: 2007-2011 23

1.11 Global Unit Shipments for Thick Film Chip Resistors By Case Size: 1991-2007; 2007-2011 Forecast
24

Support Data: Shifts in Production at Tai-I of Flat Chip Resistors By Case Size: In Billions of Pieces Per Month 27

Support Data: Shifts In Production At EverOhm By Case Size: 2000 Versus 2007 (In Thousands of Pieces Per Month) 27

Miniaturization: Driven by and For The Market: 28

Shifts In Thick Film Chip Resistor Consumption By Case Size: 2007 Versus 2005 (In Billions of Pieces) 28

Thick Film Chip Resistor Consumption by Chip Tolerance Rating (5%, 2%, 1%, <1%) 29

Thick Film Chip Resistor Demand By Power Rating: 2007 29

Thick Film Chip Resistor Demand By Voltage Rating: 2007 30

1.13 Thick Film Chip Resistor Global Sales By World Region: Value, Volume and Pricing 2007 30

Shifts in Global Consumption for Flat Chip Resistors by World Region: 2007 Compared to 1995 (Units in Billions) 31

Global Consumption Value, Volume and Average Unit Pricing For Thick Film Chip Resistors: 2007 Compared to 2001 31

Regional Growth Forecasts For Thick Film Chip Resistors <20 Watts: 2007-2011 32

Forecasted Consumption Volume, Value and ASP by World Region: 2007-2011 32

1.14 Global Revenues By World Region For The Top Global Manufacturers of Thick Film Chip Resistors: 2007FY 32

Major Passive Component Vendors of Thick Film Chip Resistors and Revenues by World region: 2007 33

1.15 Thick Film Chip Resistor Production By World Region: 33

Japan: 33

Taiwan: 33

China (PRC): 34

Israel: 34

Philippines: 34

Malaysia: 34

1.16 Thick Film Chip Resistor Vendors: Unit Shipments and Market Shares: 2007 34

Thick Film Chip Resistor Vendors: Dollar Shipments and Market Shares: 2007 (Fiscal Year Ending March 31) 35

Thick Film Chip Resistor Vendors: Dollar Value Market Shares: 1997- 2007 36

Market Share Comparison In Thick Film Chip Resistors: 1997 Versus 2007 36

- Global Unit Production Capacity For Thick Film Chip Resistors By Manufacturer: 2007 37*
- 1.17 Forecasting Future Consumption Of Passive Components By End-Use Markets: 2007-2011 37*
- Applications For Flat Chip Resistors And Key Accounts By Market Segment 38*
- 1.18 Thick Film Chip Resistor Consumption Volume By End-Use Market Segment & Forecasts: 2007-2011 40*
- 1.18 (A) Wireless Handsets: 41*
- Thick Film Chip Resistor Consumption In Advanced Handsets: Teardown: 41*
- Thick Film Chip Resistor Consumption By Case Size In Advanced Wireless Handsets: 2007 41*
- Greater Chip Resistor Content Per Phone and More Phones Sold: 2007-2011 42*
- Personal Computer Markets: 43*
- Transition To The Dual Core and Quad Core Processor: 43*
- Transition To The Flat Panel Display In Computer: 43*
- Television Sets and Home Theatre: 43*
- Automotive Electronic Sub-Assemblies: 44*
- Shifts in Thick Film Chip Resistor Consumption By End-Use Market Segment: 2007 Versus 1995-(In Billions of Pieces) 45*
- 1.18 Thick Film Chip Resistor Consumption Volume By End-Use Market Segment & Forecasts: 2007-2011 45*
- Thick Film Chip Resistor Consumption Volume By End-Use Market Segment & Forecasts: 2006-2011 46*
- 1.19 Thick Film Chip Resistor Supply Chain Analysis: 46*
- Ruthenium Metal: 47*
- Alumina Substrate Markets: 48*
- 1.20 Thick Film Chip Resistor Production Process: 48*
- Thick Film Chip Resistor Metals 49*
- 2007 Ruthenium Metal Price Trend: 50*
- Ruthenium and the Standard Thick Film Chip Resistor: 51*
- Ruthenium Oxide and Ruthenate Pyrochlore: 51*
- Critical Price Increases for Ruthenium 52*
- Changing Shares in Paste Supply 53*
- Potential for Thrifting of Ruthenium Metal: 54*
- Reason for Price Increases in Ruthenium: 54*

Future Directions For The Thick Film Chip Resistor Industry: 55

Chip Resistor Manufacturers: Company Information: 2007 57

Ever Ohm Industry Company Limited 57

Hokuriku Electric Company Limited (6989) 60

KOA Corporation (6999) 62

Panasonic Electronic Devices (6752) 65

Ralec Electronics Corporation 71

Rohm Company Limited (6963) 72

Ta-I Technology Company Limited (2478) 75

Resistor Production Capacity (Monthly Output in Billions of Pieces) 76

2004 2005 2006 2007 76

Production Locations: 76

Vishay Intertechnology, Inc.(VSH) 77

Walsin Technology Corporation (2492) 81

Yageo Corporation 85

Director of Raw Material Suppliers To The Chip Resistor Industry 90

CeramTec AG 90

Chuanglian Electronic Component (Group) Co Ltd (CLEC Group) 91

CoorsTek 92

Du Pont Electronics, Inc. 93

ESL ElectroScience 95

Ferro Corporation 95

Engelhard Corporation (BASF) 97

Johnson Matthey 97

W. C. Heraeus GmbH 98

Kyocera Corporation 99

Namics Corporation 100

SHOEI CHEMICAL, INC. 100

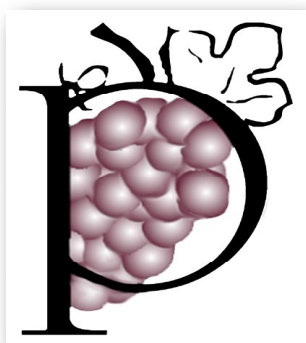

SUMITOMO METAL MINING 101

TANAKA KIKINZOKU KOGYO 102
